

Since 1923, the Estwing family has taken pride in designing and manufacturing the world's most durable, comfortable and attractive striking tools. All claw hammers, axes, specialty tools and pry bars are manufactured to the highest possible standards and offer a true value to both tradesmen and craftsmen alike.

Today Estwing's shock reduction grip provides our customers with the best available grip for reducing vibrations caused by impact. Plus, this grip offers the utmost in both comfort and durability. This patented Estwing innovation is sure to be the standard for ergonomically correct hammers for decades to come. All of our nylon vinyl grip tools are now being made with this new material.

Comfort, durability and dependability are the foundation of our proud tradition. We hope you will put this proud tradition to work for you!
